

## The Top 25 "Best Value" Burgundy 2017s

- Contrary to popular opinion, there is **still great value in Burgundy**, even from famous producers from Premier and Grand Cru vineyards. But you have to know where to look!
- We screened 200 of the current **Burgundy 2017** wines to find the "Top 25" highest score / lowest price wines. We were surprised to find so many undervalued wines still available. But these won't stay on the market for much longer, and once sold they will be **very difficult to find again** at primary market prices.
- All of these wines scored at least **93 points** from a leading Burgundy Critic (*Burghound*, *Wine Advocate*, *Vinous* or *Decanter*).
- The wines towards the top of the list are the most undervalued.
